Dear Sirs:

I understand that Senator John H. Chafee is an applicant for membership in the Club. I would like to urge favorable consideration of his application.

Not only is Senator Chafee a distinguished man of American political life, but he is also a wonderfully warm and gentlemanly person. He is both the kind of person all of us would enjoy having alongside us in utilizing the Club facilities and the kind of person we would be proud to point to as a member of our Club.

I have never made an endorsement of this type in which I had greater conviction. I would be most pleased to attempt to provide any other information you might desire.

Yours sincerely,

STANSFIELD TURNER
